

How To Manage Agile Areas In Space Dashboard

1 To manage agile areas in Space Dashboard, you must be filtered to a building

2 Click "Edit With Data Editor Plus"

The screenshot displays the Space Dashboard interface. At the top, there is a blue navigation bar with the following tabs: NEIGHBORHOODS, BUSINESS HIERARCHY, WORKSTATION OCCUPANCY, and MANAGED/UNMANAGED. Below the navigation bar, there is a search bar and a filter dropdown menu. The main content area features a central button labeled "Edit with Data Editor Plus" which is highlighted with a blue circle and a tooltip. To the right of this button are two other buttons: "EXPORT FILES" and "CREATE REPORT". Below the main content area, there is a summary section with three cards. The first card shows "125" for "Total Workstations". The second card shows "289" for "Agile Workstations" and includes a desk icon. The third card shows "833" for "Employee Count" and includes a person icon. A settings gear icon is visible in the bottom right corner of the main content area.

3 Click "Edit with Agile Manager"

4 A new tab will be opened in Agile Manager prefiltered to your chosen location
